The Town may also require submittal of the records from the Contractor and any of its subcontractors, or both at no cost to the Town. For this Section, records shall include all books of account, supporting documents, and papers deemed necessary by the Town to assure compliance with the Request for Bid provisions. Failure of the Bidder to comply with these requirements may

8.7.4 CONTRACTOR shall promptly proceed with the Work upon receipt of a Construction Change Directive, and shall immediately advise the PROFESSIONAL of any disagreement with the method of compensation set forth in the Directive.

8.7.5 CONTRACTOR shall sign the Construction Change Directive if CONTRACTOR agrees with the adjustment in the time or contract price. Upon signature, the Construction Change Directive shall be effective as a Change Order.

8.7.6 If CONTRACTOR does not respond promptly or disagrees with the method of adjustment, the method of adjustment shall be determined by the PROFESSIONAL on the basis of reasonable expenditures and savings of those performing the Work attributable to the change, and shall include a reasonable allowance for overhead and profit. In such case, CONTRACTOR shall keep and present to the PROFESSIONAL an itemized accounting together with appropriate supporting data. Unless otherwise specified herein, costs shall be limited to:

- (i) costs of labor, including social security, unemployment insurance, fringe benefits required by agreement or custom, and worker's compensation insurance directly attributable to the change;
- (ii) costs of materials, supplies and equipment, including the cost of transportation, whether incorporated or consumed directly attributable to the change;
- (iii) rental costs of machinery and equipment, exclusive of hand tools, whether rented from CONTRACTOR or others directly attributable to the change;
- (iv) costs of premiums for all bonds and insurance, permit fees, and sales, use or similar taxes related to the Work directly attributable to the change; and
- (v) additional costs of supervision and field office personnel directly attributable to the change.

8.7.7 The amount of credit to be allowed by CONTRACTOR to the TOWN for a deletion or change which results in a net decrease in the contract price shall be the actual net cost as confirmed by the PROFESSIONAL architect. When there are both increases and decreases

in the Work, the allowance for overhead and profit shall be figured on the basis of net increase, if any, of the change.

8.7.8 Pending final determination of the total cost of the Change Directive, amounts not in dispute shall be included in future invoices for payment, accompanied by the Change Order. For costs in dispute, the PROFESSIONAL architect shall make an interim determination for purposes of monthly certification for payment for those costs. Either party may then submit a claim according to other provisions contained herein.

8.8 **Necessity for Signed Writing.** No act, omission or course of dealing shall alter the requirement that change orders shall be in writing and signed by the TOWN, and that change orders are the exclusive method for effecting any adjustment to compensation or applicable schedules. CONTRACTOR understands and agrees, on behalf of itself and its subcontractors and suppliers, that neither compensation nor applicable schedules can be changed by implication, oral agreement, or unwritten change order.

ARTICLE 9 TOWN'S PROFESSIONAL(S) AND CONSTRUCTION ADMINISTRATION

9.1 **TOWN'S Designated Professional Representative.** Unless otherwise directed by TOWN, one designated PROFESSIONAL shall act as TOWN'S design representative from the effective date of this Contract until one (1) year from the date of achievement of Substantial Completion.

9.1.1 The PROFESSIONAL so designated will be TOWN'S design representative during performance of the Work and will consult with and advise TOWN on all design and technical matters.

9.1.2 The designated PROFESSIONAL will act as initial non-binding interpreter of the requirements of this Contract and as TOWN'S advisor on claims.

9.2 **Professional Site Visits.** The PROFESSIONAL(s) will visit the Site with sufficient frequency for familiarization with the progress and quality of the Work and to inspect the Work to determine compliance of the Work with (i) this Contract, including approved shop drawings and other submittals; (ii) the Construction Schedule; and (iii) applicable laws, statutes, building codes, rules or regulations of all governmental, public and quasi- public authorities and agencies having or asserting jurisdiction over the Project.

9.3 **Professional Rejection of Work.** The PROFESSIONAL(s) may disapprove or reject Work which does not comply with (i) this Contract including approved shop drawings and other submittals; or (ii) applicable laws, statutes, building codes, rules or regulations of any governmental, public and quasi-public authorities and agencies having or asserting jurisdiction over the Project.

9.4 **Professional Evaluations.**

9.4.1 The PROFESSIONAL(s) will review and evaluate the results of all inspections, tests and written reports required by this Contract and by any governmental entity having or asserting jurisdiction over the Project. The PROFESSIONAL(s) will take appropriate

action on test results, including acceptance, rejection, requiring additional testing or corrective work, or such other action deemed appropriate by the PROFESSIONAL(s). The PROFESSIONAL(s) will promptly reject Work which does not conform to or comply with the testing requirements contained herein.

- 9.4.2 The PROFESSIONAL(s) may require inspection or testing of any Work in addition to that required by this Contract or governmental entities having or asserting jurisdiction over the Project when such additional inspections and testing is necessary or advisable, whether or not such Work is then fabricated, installed or completed. The PROFESSIONAL(s) will take appropriate action on all such special testing and inspection reports, including acceptance, rejection, requiring additional testing or corrective work, or such other action deemed appropriate by the PROFESSIONAL(s).
- 9.5 **Professional Submittal Activities.** The PROFESSIONAL(s) will review and approve, reject or take other appropriate action on submittals such as shop drawings, product data, samples and proposed equal materials or equipment and requested substitutions within not more than fourteen (14) calendar days, and will not approve any submittals unless such submittals conform with (i) the Project design concept; (ii) this Contract; and (iii) Contract Price. PROFESSIONAL'S review of submittals shall not constitute final acceptance of materials or equipment furnished or installed if such materials or equipment should be defective or not as represented by approved submittals or as otherwise required by the Construction Documents. CONTRACTOR remains responsible for details and accuracy, for confirming and correlating all quantities and dimensions, for selecting fabrication processes, for techniques or assembly, and for performance of the Work.
- 9.6 **Professional Interpretations.** A PROFESSIONAL will, when requested to do so in writing by CONTRACTOR, promptly and so as to cause no unnecessary delay, render written or graphic interpretations and decisions necessary for the proper execution of the Work. PROFESSIONAL'S interpretations and decisions relating to artistic effect shall be final if not inconsistent with this Contract.
- 9.7 **Professional Change Order Activities.** The PROFESSIONAL(s) will consult with and advise TOWN concerning, and will administer and manage, all change order requests and change orders on behalf of TOWN.
- 9.8 **Professional Pay Application Activities.** The PROFESSIONAL will review applications for payment, including such accompanying data, information and schedules as the PROFESSIONAL requires, to determine the amounts due to CONTRACTOR and shall authorize payment by TOWN to CONTRACTOR in writing. After the Work is determined to be finally complete and the PROFESSIONAL determines that CONTRACTOR has completed the Work, the PROFESSIONAL will determine whether CONTRACTOR is entitled to final payment, and if so will certify such to the TOWN in writing.
- 9.9 **Professional Relationship to Contractor.** The duties, obligations and responsibilities of CONTRACTOR under this Contract shall not be changed, abridged, altered, discharged, released, or satisfied by any duty, obligation or responsibility of any PROFESSIONAL. CONTRACTOR shall not be a third-party beneficiary of any agreement by and between TOWN and any PROFESSIONAL. The duties of CONTRACTOR to TOWN shall be independent of, and shall not be diminished by, any duties or obligations of any PROFESSIONAL to TOWN.

ARTICLE 10
CONTRACTOR'S INSPECTION AND CORRECTION
OF DEFECTIVE OR INCOMPLETE WORK

- 10.1 **Rejection and Correction of Work in Progress.** During the course of the Project, CONTRACTOR shall inspect and promptly, whether at the direction of PROFESSIONAL, TOWN, or CONTRACTOR itself, reject any Work (i) which does not conform to the Construction Documents; or (ii) which does not comply with any applicable law, statute, building code, rule or regulation of any governmental, public and quasi-public authorities and agencies having jurisdiction over the Project.
- 10.1.1 CONTRACTOR shall promptly correct or require the correction of all such rejected Work, whether observed before or after Substantial Completion and whether or not fabricated, installed or completed.
- 10.1.1.1 CONTRACTOR shall bear all costs of correcting Work, including additional testing and inspections and compensation for all services and expenses necessitated by such corrections for Work that does not conform to the Construction Documents.
- 10.1.1.2 CONTRACTOR shall be compensated for all costs of correcting Work, including additional testing and inspections and compensation for all services and expenses, including but not limited to general conditions for extended time, necessitated by such correction for Work installed per the Construction Documents that is later determined by others to not comply with any applicable law, statute, building code, rule or regulation of any governmental, public or quasi-public authority or agency having jurisdiction over the project. CONTRACTOR is not responsible for conformance of the Construction Documents with any applicable laws, codes, statutes, rules or regulations.
- 10.1.2 CONTRACTOR shall bear the cost of correcting destroyed or damaged Work, whether completed or partially completed, of TOWN or other trade contractors or subcontractors caused by CONTRACTOR'S correction or removal of rejected Work, due to lack of conformance to the Construction Documents. If CONTRACTOR fails to correct any destroyed or damaged work, TOWN may take such steps as are necessary to repair or replace the destroyed or damaged work and deduct the cost thereof from this contract.
- 10.2 **Covered or Concealed Work.** If a portion of the Work has been covered, CONTRACTOR shall, if notified to do so by TOWN or PROFESSIONAL, uncover the designated portion for observation and then replace it.
- 10.2.1 If the designated portion of the Work was covered contrary to the request of TOWN or PROFESSIONAL, or to requirements specifically expressed in the Construction Documents, CONTRACTOR shall receive no additional compensation for the costs of uncovering and replacement or modification of the Construction Schedule.
- 10.2.2 If the designated portion of the Work was covered prior to a specific request by TOWN or PROFESSIONAL that it remain uncovered, CONTRACTOR shall receive additional compensation for the costs of uncovering and replacement and modification of the construction Schedule(s) only if the designated portion of the Work was in conformance with the Construction Documents.

- 10.3 **Acceptance of Non-conforming Work.** If TOWN prefers to accept Work which is not in accordance with the requirements of the Contract Documents, TOWN may do so instead of requiring its removal and correction, in which case the Construction Price shall be reduced as appropriate and equitable. Such adjustment shall be effected whether or not final payment has been made.

ARTICLE 11

TOWN'S RIGHT TO STOP WORK OR RIGHT TO CARRY OUT WORK

- 11.1 If CONTRACTOR fails or refuses to perform or fails to correct defective Work as required, or persistently fails to carry out the Work in accordance with this Contract, TOWN may, by written notice, order the CONTRACTOR to cease and desist in performing the Work or any portion of the Work until the cause of the order has been eliminated to the satisfaction of the TOWN. Upon receipt of such instruction, CONTRACTOR shall immediately cease and desist as instructed by TOWN and shall not proceed further until the cause of the TOWN'S order has been corrected, no longer exists, or the TOWN instructs that the Work may resume.
- 11.1.1 CONTRACTOR shall not be entitled to an adjustment in the time for performance or the Construction Price under this clause if such stoppages are determined to be the fault of the CONTRACTOR.
- 11.1.2 If CONTRACTOR fails or refuses within seven (7) calendar days to provide adequate assurance to TOWN that the cause of such instructions will be eliminated or corrected, then the TOWN shall have the right, but not the obligation, to carry out the Work or any portion of the Work with its own forces, or with the forces of another general contractor, and CONTRACTOR shall be responsible for any additional costs incurred by TOWN in performing such Work.
- 11.1.3 The rights set forth herein are in addition to, and without prejudice to, any other rights or remedies the TOWN may have against CONTRACTOR.
- 11.2 If CONTRACTOR defaults or neglects to carry out the Work in accordance with the Contract Documents and fails to commence and continue correction of such default or neglect within seven (7) calendar days after receipt of the written notice from TOWN to do so with diligence and promptness, TOWN may after such seven-day period give CONTRACTOR a second written notice to correct such deficiencies. The second written notice shall require CONTRACTOR to correct such default or neglect within three (3) business days of receipt of the written notice. If CONTRACTOR fails to correct such deficiencies TOWN may, without prejudice to other remedies available to TOWN, correct the deficiencies and issue a Change Order deducting from the Contract Price the reasonable cost of correcting such deficiencies including TOWN'S expenses and compensation for PROFESSIONAL'S additional services made necessary by the default, neglect or failure. Such action by TOWN and amounts charged to CONTRACTOR are both subject to prior approval of PROFESSIONAL. If payment then or thereafter due the CONTRACTOR are not sufficient to cover such amounts, CONTRACTOR shall pay the difference to TOWN.

ARTICLE 12
INSPECTION, CORRECTION OF WORK,
AND PROJECT CLOSE OUT

- 12.1 **Substantial Completion.** Substantial Completion of the Work shall be deemed to have occurred on the later of the dates that the Work passes a Substantial Completion inspection and the required Substantial Completion documentation and items have been produced.
- 12.1.1 When CONTRACTOR believes that the Work is substantially complete, it shall notify TOWN and the appropriate PROFESSIONAL that its Work is ready for a Substantial Completion inspection.
- 12.1.2 At or prior to the Substantial Completion inspection, CONTRACTOR will prepare and furnish to PROFESSIONAL a Declaration of Substantial Completion, which at a minimum must:
- (i) contain a blank for entry of the date of Substantial Completion, which date will fix the commencement date of warranties and guaranties and allocate between TOWN and CONTRACTOR responsibility for security, utilities, damage to the Work, and insurance;
 - (ii) include a list of items to be completed or corrected and state the time within which the listed items will be completed or corrected; and
 - (iii) contain signature lines for TOWN, CONTRACTOR and PROFESSIONAL.
- 12.1.3 Upon receipt of notification from CONTRACTOR the appropriate PROFESSIONAL will coordinate with TOWN and CONTRACTOR a date for inspection of the Work to determine whether the Work is substantially complete.

- 12.1.6 On or prior to the required date of Substantial Completion, CONTRACTOR shall deliver to the appropriate PROFESSIONAL keys, permits, the certificate of occupancy, and other necessary and customary documents and items pre-requisite for TOWN'S occupancy and use of the Work for its intended purpose. The PROFESSIONAL will obtain and review Substantial Completion documentation and items, and will inform CONTRACTOR of any deficiencies.

- 12.17 When TOWN, CONTRACTOR and the appropriate PROFESSIONAL agree that the Work has passed the Substantial Completion inspection and CONTRACTOR has produced the required Substantial Completion documentation and items, they shall each sign the Declaration of Substantial Completion declaring the Work substantially complete and establishing the actual date of Substantial Completion. The Declaration of Substantial Completion shall also include a list of and timeline for the completion of Work needing completion and correction. Failure of CONTRACTOR to include an item on the list does not alter the responsibility of CONTRACTOR to complete all Work in accordance with this Contract.
- 12.18 CONTRACTOR shall promptly correct the Work properly rejected by the PROFESSIONAL for failing to conform to the requirements of this Contract, whether discovered before or after Substantial Completion and whether or not fabricated, installed or completed. Costs of correcting the rejected Work shall be at CONTRACTOR'S expense.
- 12.19 Substantial Completion must be accompanied by a Certificate of Occupancy, unless the Certificate of Occupancy is unattainable outside of CONTRACTOR'S control.
- 12.2 **Final Completion.** Final Completion of the Work shall be deemed to have occurred on the later of the dates that the Work passes a Final Completion inspection and that CONTRACTOR has produced all required Final Completion close-out documentation and items. Final Completion shall not be deemed to have occurred and no final payment shall be due CONTRACTOR until the Work has passed the Final Completion inspection and all required Final Completion close-out documentation and items have been produced to TOWN by CONTRACTOR.
- 12.21 When CONTRACTOR believes the Work is finally complete, CONTRACTOR shall notify TOWN and the appropriate PROFESSIONAL that the Work is ready for Final Completion inspection.
- 12.22 Upon receipt of such notification from CONTRACTOR, the PROFESSIONAL will coordinate with TOWN and CONTRACTOR a date for inspection of the Work to determine whether the Work is finally complete.
- 12.23 At the Final Completion inspection to determine whether the Work is finally complete, the PROFESSIONAL will:
- (i) inspect the Work;
 - (ii) determine whether all items on the list, included with the Declaration of Substantial Completion have been satisfactorily completed and corrected;
 - (iii) determine whether the Work complies with (a) this Contract; (b) applicable laws, statutes, building codes, rules or regulations of all governmental, public and quasi-public authorities and agencies having jurisdiction over the Project; and (c) applicable installation and workmanship standards.
 - (iv) determine whether required inspections and approvals by the official(s) having or asserting jurisdiction over the Project have been satisfactorily completed; and
 - (v) determine, in consultation with TOWN, whether the Work is finally complete.

- 1224 If the Work is not finally complete, CONTRACTOR shall continue to prosecute the Work, and the inspection process shall be repeated at no additional cost to TOWN, until the Work is finally complete.
- 1225 On or prior to the date of Final Completion, CONTRACTOR shall deliver to the appropriate PROFESSIONAL the following Final Completion close-out documentation and items:

 - (xi) any other documents reasonably and customarily required or expressly required herein for full and final close-out of the Work.
- 1226 The appropriate PROFESSIONAL will review and determine the sufficiency of all Final Completion close-out documentation and items required for Final Completion which are submitted by CONTRACTOR, and will immediately inform CONTRACTOR about any deficiencies and omissions.

ARTICLE 13
LICENSES, APPROVALS AND PERMITS

- 13.1 **CONTRACTOR** shall obtain all licenses, permits or approvals required for the Work at **CONTRACTOR'S** expense as part of the Contract Price.

ARTICLE 14
GOODS, PRODUCTS AND MATERIALS

- 14.1 **Quality of Materials.** **CONTRACTOR** shall furnish goods, products, materials, equipment and systems which:
- (i) comply with this Contract;
 - (ii) conform to applicable specifications, descriptions, instructions, drawings, data and samples;
 - (iii) are new (unless otherwise specified or permitted) and without apparent damage;
 - (iv) are of the quality, strength, durability, capacity or appearance required by the Construction Documents;
 - (v) are merchantable;
 - (vi) are free from defects; and
 - (vii) are in accordance with manufacturers' or suppliers' specifications where such additional items are required by the Construction Documents.
- 14.2 **Installation and Use of Materials.** All goods, products, materials, equipment and systems named or described in the Construction Documents, and all others furnished as equal thereto shall, unless specifically stated otherwise, be furnished, used, installed, employed and protected in strict compliance with the specifications, recommendations and instructions of the manufacturer or supplier, unless such specifications, recommendations or instructions deviate from accepted construction practices, or the Construction Documents, in which case **CONTRACTOR** shall so inform **TOWN** and **PROFESSIONAL** and shall proceed as directed in writing by **PROFESSIONAL**, unless otherwise directed in writing by **TOWN**. **CONTRACTOR** shall coordinate and interrelate all trade contracts, and subcontracts to ensure compatibility of goods, products, materials, equipment and systems, and validity of all warranties and guarantees, required by the Construction Documents for the Work.
- 14.3 **Unsuitable Materials.** **CONTRACTOR** shall inform **TOWN** of goods, products, materials, equipment or systems which Contractor knows are unsuitable or unavailable. Approval by **TOWN** and **PROFESSIONAL** of substitute goods, products, materials, equipment or systems does not mean or imply final acceptance by **TOWN** and **PROFESSIONAL** if such items should be defective or not as previously represented.
- 14.4 **Brand Name or Alternate.** Notwithstanding the foregoing, if a product or service has been identified in the specifications by brand name, such identification is intended to be descriptive and not restrictive. However, if **CONTRACTOR** proposes to furnish an alternate product or service after this Contract has been fully executed, **CONTRACTOR** shall receive the written authorization from the **PROFESSIONAL** and **TOWN** prior to incorporating such alternate product or service into the Work. An alternative to the product/material specified will only be considered if the product/material is not readily available to meet the construction schedule. Also, such alternate will require cost comparison evidence and if found to be less expensive than the specified material, **TOWN** will be entitled to a credit for the cost difference. For purposes of this paragraph, an alternative shall be defined as a product or material differing substantially in quality and

characteristics from the product or material set forth in the Contract Documents. If the Contract Documents specify an “or equal” product or material, an equal is defined as a product or material with the same quality or characteristics as that specified, but differing in brand name.

- 14.5 **Defective Materials.** If during or prior to construction operations TOWN or PROFESSIONAL rejects any portion of the Work on the grounds that the Work or materials are defective, the TOWN or PROFESSIONAL shall give the CONTRACTOR written notice of the defect. CONTRACTOR shall then have seven (7) calendar days from the date the notice is received to correct the defective condition.
- 14.6 **Security for the Project.** CONTRACTOR shall provide security for the Project, including but not limited to security for its Work in progress and for the goods, products, materials, equipment, systems, construction machinery, tools, devices and other items required, used or to be used for its scope of the Work, whether store on or off site by Contractor, its subcontractors, materialmen or others under its supervision.
- 14.7 **Material Safety Data Sheets.** If any chemicals or materials or products containing toxic substances are to be used at any time during this contract, CONTRACTOR shall keep copies of all material safety data sheets on file with the contract documents located in the field office.
- 14.8 **Payment for Materials.** Unless otherwise provided in this Contract, payments shall be made on account of materials and equipment delivered and suitably stored at the site for subsequent incorporation in the Work. Payment for materials and equipment stored on or off the site shall be conditioned upon compliance by CONTRACTOR with procedures satisfactory to TOWN to establish TOWN’S title to such materials and equipment or otherwise protect TOWN’S interest, and shall include the costs of applicable insurance, storage and transportation to the site for such materials and equipment stored off the site. Nothing precludes TOWN from paying for materials directly in order to recognize a savings of sales tax.

ARTICLE 15 PERFORMANCE BOND AND PAYMENT BOND

15.1 Bond Requirements.

15.1.1 CONTRACTOR shall be required to provide payment and performance bonds prior to commencing the Work. The amount of the premiums for such bonds shall be included in the Construction Price. Performance and Payment Bonds shall be 100% of the contract amount and shall be executed on forms as mutually agreed upon between TOWN and CONTRACTOR. All original Performance and Payment Bonds will be submitted to TOWN for recording in the public records of Lake County, Florida, at the cost of CONTRACTOR. - (v) The Surety is otherwise in compliance with the Florida Insurance Code;
and
- (vi) The Surety holds a currently valid Certificate of Authority issued by the United States Department of Treasury under 31 U.S.C. ss9304.

If the Surety for any bond furnished by CONTRACTOR is declared bankrupt, becomes insolvent, its right to do business is terminated in the State of Florida, or it ceases to meet the requirements imposed by this Contract, CONTRACTOR shall, within five (5) calendar days thereafter, substitute another bond and surety, both of which shall be subject to TOWN'S approval.

15.12 The CONTRACTOR shall not be required to provide a maintenance bond.

ARTICLE 16 INSURANCE

16.1 CONTRACTOR shall obtain and maintain, at CONTRACTOR'S expense, from a company or companies authorized to do business in the State of Florida and which are acceptable to TOWN, insurance containing the following selected types of coverage and minimum limits of liability protecting from claims which may arise out of or result from the performance or non-performance of services under this Contract by the CONTRACTOR or by anyone directly or indirectly employed by it, or by anyone for whose acts it may be liable. (xii) The TOWN shall be exempt from, and in no way liable for, any sums of money, which may represent a deductible or self-insured retention in any insurance policy. The payment of such deductible or self-insured retention shall be the sole responsibility of the vendor and/or subcontractor providing such insurance.

(xiii) CONTRACTOR shall be responsible for subcontractors and their Insurance. Subcontractors are to provide Certificates of Insurance to TOWN evidencing coverage and terms in accordance with the CONTRACTOR'S requirements.

- (xiv) Failure to obtain and maintain such insurance as set out above will be considered a breach of contract and may result in termination of the contract for default. Neither approval by the TOWN of any insurance supplied by CONTRACTOR or any subcontractor, nor a failure to disapprove that insurance, shall relieve the CONTRACTOR of full responsibility of liability, damages, and accidents as set forth herein.
- (xvi) If it is not possible for the CONTRACTOR to certify compliance, on the certificate of insurance, with all of the above requirements, then the CONTRACTOR is required to provide a copy of the actual policy endorsement(s) providing the required coverage and notification provisions.

ARTICLE 17 CONTRACTOR'S WARRANTIES AND GUARANTEES

- 17.1 **Two-Year Warranty.** In addition to the warranties and guarantees set forth elsewhere in this Contract, CONTRACTOR, upon request by TOWN or PROFESSIONAL, shall promptly correct all failures or defects in the Work for a period of two (2) years after the actual date of Substantial Completion, or the date of acceptance by TOWN, whichever is later.
- 17.1.1 CONTRACTOR shall schedule, coordinate and participate in a walk-through inspection of the Work one (1) month prior to the expiration of the two-year correction period, and shall notify TOWN and PROFESSIONAL, and any necessary subcontractors and suppliers of the date of, and request their participation in, the walk-through inspection. The purpose of the walk-through inspection will be to determine if there are defects or failures which require correction.

- (iii) that all management, supervision, labor and services required for the Work shall comply with this Contract and shall be and are performed in a workmanlike manner.

17.5 **Non-Limitation.** Nothing contained in Paragraph 17.1 shall be construed to establish a period of limitation with respect to CONTRACTOR'S obligations under this Contract. Paragraph 17.1 relates only to CONTRACTOR'S specific obligations with respect to the Work, and has no relationship to the time within which CONTRACTOR'S contractual obligations under this Contract may be enforced, nor to the time within which proceedings may be commenced to establish CONTRACTOR'S liability with respect to any contractual obligations pursuant to Paragraph 17.1 or contained elsewhere herein.

17.6 **Commencement of Obligations.** Unless otherwise specified, all of CONTRACTOR'S warranty and guaranty obligations, including the time period(s) for all written warranties and guarantees of specifically designated equipment required by the Construction Documents shall begin on the actual date of Substantial Completion.

ARTICLE 18 TERMINATION OR SUSPENSION OF CONTRACT

18.1 **Termination by TOWN for Cause.**

18.1.1 TOWN may terminate this Contract for cause if CONTRACTOR materially breaches this Contract by:

- a. Refusing, failing or being unable to properly manage or perform the Work;

- c. Refusing, failing or being unable to make prompt payment to subcontractors or suppliers;
- d. Disregarding applicable laws, statutes, ordinances, codes, rules and regulations or lawful orders of a public authority or quasi-public authority having jurisdiction; or

18.2 **Termination Due to Unavailability of Funds.** When funds are not appropriated or otherwise made available to support continuation of performance under this Contract, the Contract shall be cancelled and the CONTRACTOR shall be reimbursed for all Work performed by CONTRACTOR, plus five percent (5%) overhead and profit thereon.

TOWN may further agree to additional compensation, if any, to CONTRACTOR.

18.5 **Contractor's Compensation when terminated for cause.** If this Contract is terminated by TOWN for cause, no further payment shall be made to CONTRACTOR until Final Completion of the

Project. At such time, CONTRACTOR shall be paid the remainder of the Construction Price less all reasonable costs and damages incurred by TOWN as a result of the default of CONTRACTOR. CONTRACTOR shall additionally reimburse TOWN for any additional costs or expenses incurred.

- 18.8 The right to terminate or suspend the Work shall not give rise to a duty on the part of either TOWN or CONTRACTOR to exercise that right for the benefit of TOWN, CONTRACTOR or any other persons or entities.
- 18.9 If CONTRACTOR fails to file a claim within one (1) year from the effective date of termination, TOWN shall pay CONTRACTOR only for services actually performed and expenses actually incurred prior to the effective termination date.
