## Town Hall Happenings

Over the past few weeks, Town Hall has been reestablishing communication with the outside world. On June 10, a lightning storm caused several thousand dollars worth of damage to computers, switches, printers, and laptops when a bolt of lightning struck the ground between Town Hall, the Fire Department, and the Library.

Day-to-day operations were halted while a make-shift network was recreated to get all of the computers communicating with each other while an assessment was made to determine the severity of the storm.

No data or important information was lost, but Town Hall lost two computers, some networking equipment and access to two printers, while Public Works lost one computer from the power surge. The library had severe damage to computers also.

## Hurricane Season

Now that hurricane season is officially upon us, it is very important to take the time to trim branches out of rights-of-way so that emergency vehicles can pass freely. It is also very important that you make sure you have a house number on your home which is visible from the road.

## Montverde Day Meeting

The 29th Annual Montverde Day will be held on Saturday, November 1, 2008. Volunteers wishing to help organize and orchestrate the event are asked to attend an informational meeting on Sunday, July 13, 2008 at the Kirk Park Community Building. The meeting will start promptly at 4:00pm.

## Utility Billing

Over the years, many of the water accounts have been based on an estimated usage. This summer, all accounts will be based on actual usage, which may result in water bills that seem to be higher than normal.

Terry Burden of Public Works has been working diligently to verify that all meters and meter readers are working properly. If you feel that your current bill is incorrect, please contact Town Hall.

## Summer Reading Program

Once again this year, the Helen Lehmann Memorial Library will participate in “Swarm Over to Your Library”, the 2008 Summer Reading Program. June 16<sup>th</sup> was the beginning of seven weeks of library activities.
