The ordinance ensures an important source of revenue is available to the Town to support capacity expansions required by development. Adoption of this ordinance protects the public welfare of the Town residents and businesses by ensuring growth pays for itself and does not burden existing taxpayers.

4. Additional information the governing body deems useful (if any):  
The proposed ordinance is a generally applicable ordinance that applies to all persons similarly situated individuals as well as businesses and, therefore, to the extent it affects businesses, the proposed ordinance does not affect only businesses. The ordinance ensures growth pays for itself rather than burdening existing residents and businesses.
